"I am honoured to bring my exhibition and music to the Model. I think it is one of the most beautiful galleries in the world."

Patti Smith, USA, Musician & Artist

"The Model Arts Centre was set up by a group of committed painters, writers and like minded friends. It was wonderful to be part of the early development and to see it grow over the years. It is one of the finest Arts Centres in the country. It is very exciting that is now being taken to another stage and I wish the new project every success."
